Participating in a Zoom session

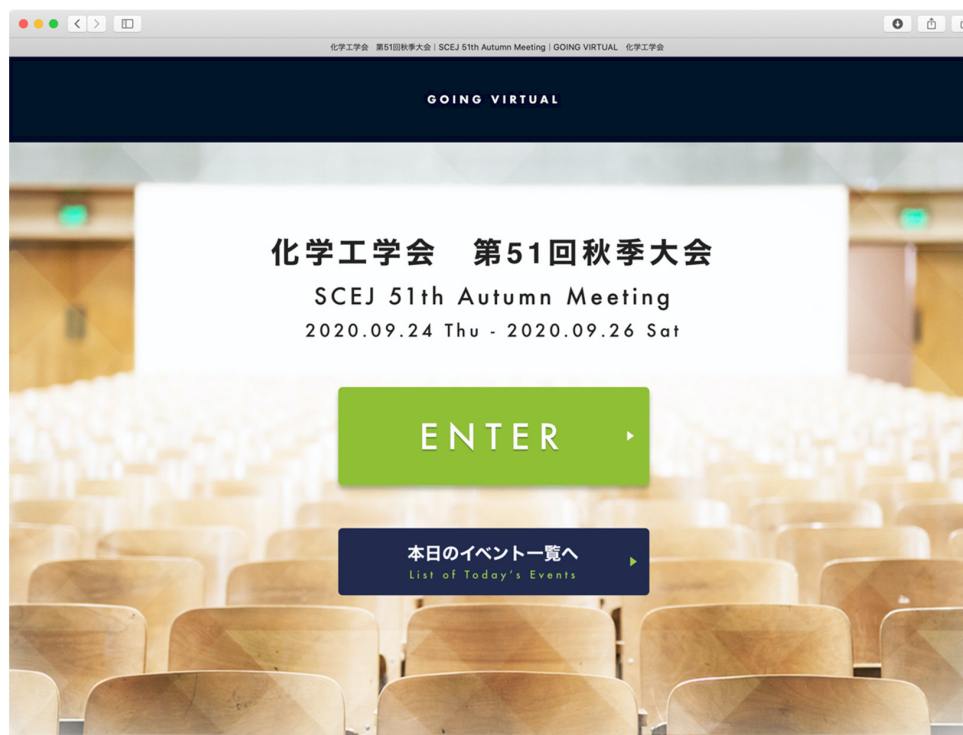

Prior to following this procedure, install a zoom client on your PC following the “Installing a Zoom client” procedure.

Connecting to a session

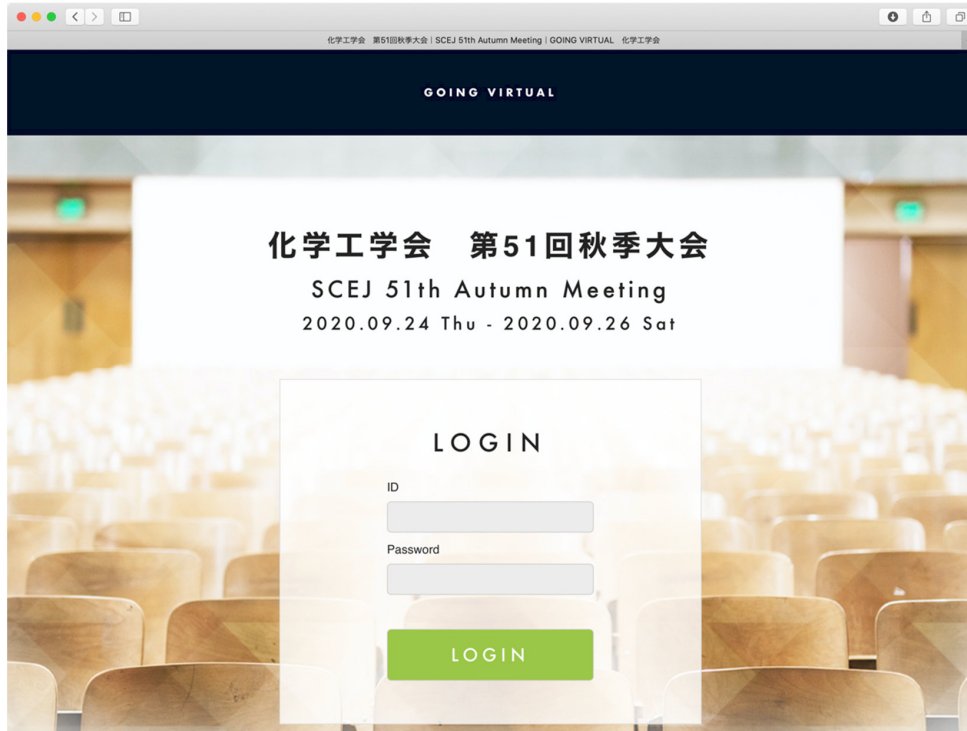

1. Access the on-line meeting site: https://goingvirtual.scej.org/web_conf
Access the site with a most up-to-date browser of your choice. Select the event you want to participate in and click it.

2. Click the **ENTER** button in the next screen.

3. Enter your received ID and Password in the pop-up dialog.

4. The screen, after you login, shows current sessions at the top and all their programs under the session titles. You can scroll laterally to see other ongoing sessions. The green background indicates the topic of each session at the time. You can click the topic title to see its detail or participate in the topic presentation.

Clicking on different date brings up the program for that date.

6. When you click the **Join the session** button you will see the following screen, or the dialog that asks you to “Open Zoom Meetings?” if you already have a Zoom client installed. If you see the “Open Zoom Meetings?” click the **Open Zoom Meetings** button. If the Zoom client does not start click the **Launch Meeting** button in the browser window.

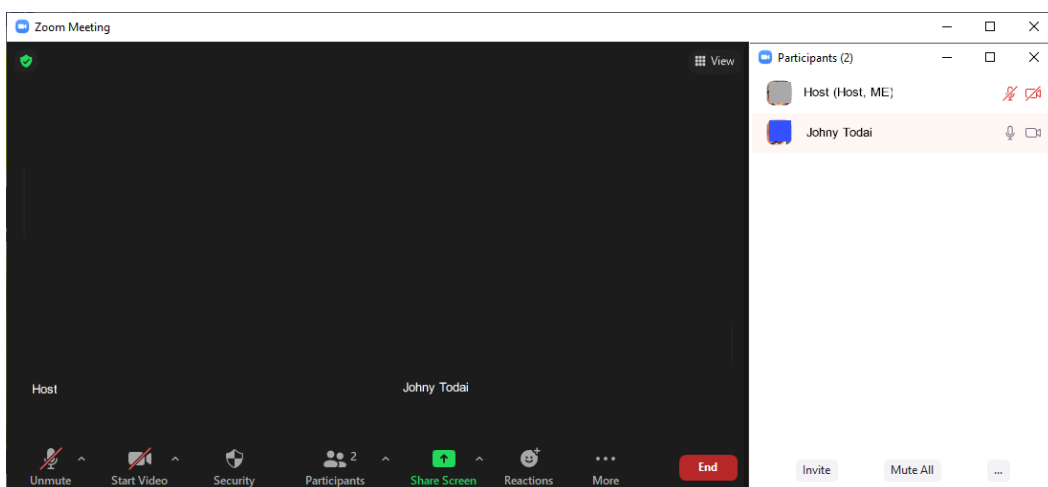

When the Zoom client asks you to set your name, type in your “Registration number [space] Affiliation [space] Name.” You can type in your name either in English or Japanese.

Ex) 0112 U.Tokyo Johny Todaiji or 0112 東京大学 東大寺ジョニー.

- If the zoom client asks you whether to use the computer audio, select to use it for participating in the session. Once you have joined the session, check the microphone and video icons in the lower left-hand corner of the zoom client window that the voice is muted and the video is stopped (red diagonal lines cross the icons). You can toggle the ON/OFF statuses of these buttons by clicking on them.

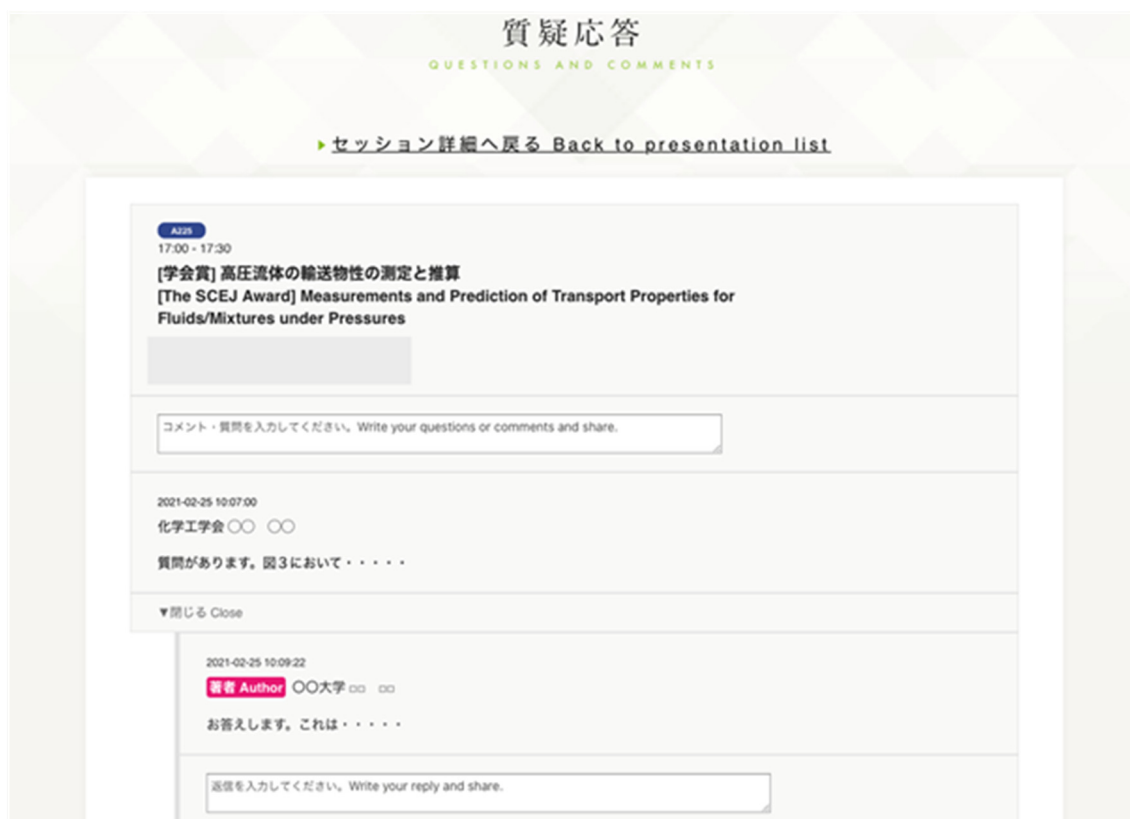

If you need to change your name in the session, click on the “Participants” button at the bottom of your screen, find yourself in the participant list that pops up, and bring the mouse over your name. This action will bring up the More > button to the right of your name, so select “Rename” to type in your new name.

For asking live questions, select “Raise Hand” at the lower right-hand corner of the zoom window to catch the attention of the session chair. When the chair prompts you, toggle the microphone button to “Unmute” and the video button to “Start Video” and start talking. When your question is answered, toggle the voice and video to OFF and select “Lower Hand”.

8. The following figure shows the off-line Question and Answer screen for you to send comments and questions to specific presentations. The presenter and other participants can reply to your questions. To send a new comment or question, click, immediately under the presentation title and presenter information, where it says “Write your questions or comments and share” to bring up a bigger field to type in the text. Type your affiliation, name, and question or comment contents, and hit the “Send” button.

To reply to a comment, hit the input field immediately under the comment to reply to and follow the same procedure. If you are the author of the presentation, mark the checkbox in the input field. An author icon will be placed on your reply comment.

Notice for Poster session

The Breakout-room feature of Zoom will be used on Poster sessions. The Breakout rooms allow a Zoom meeting in separate several sessions. We will allocate one room for each poster presentation. After the launch of the Zoom meeting, the participants are requested to enter the Breakout room for the presentation that you want to participate.

1. Enter the Zoom meeting by doing the steps 1-6 of “Connecting to a session”. You are now in “Main session”. Click the **Breakout Rooms** button to enter the Breakout room
2. The list of Breakout rooms will be appeared. Select the room and Click the **Join** button.
3. For moving to another room, click the **Breakout Rooms** and select the **Select Breakout Room**.
4. The list of Breakout rooms will be appeared again. Select the room and Click the **Join** button. (If you cannot find the presentation that you want to join, it will be assigned in another Zoom meeting. Please leave the Zoom meeting (see next) and select the presentation on the GOING VIRTUAL.)
5. For leaving from the Breakout Room, click the **Leave Breakout Room** button and then select to leave from the Breakout room (return to the Main session) or leave from the Zoom meeting.
